### **About CARE**

CARE is a leader within a worldwide movement dedicated to ending poverty. They work to save lives, defeat poverty, and achieve social justice. They seek a world of hope, inclusion, and social justice, where poverty has been overcome and all people live with dignity and security. They put women and girls in the center because they know that they cannot overcome poverty until all people have equal rights and opportunities. They seek to lift women and girls out of poverty, and in turn, bring their entire communities with them. CARE knows that women and girls are disproportionately impacted by water and food scarcity, climate change, and natural disasters. They seek to lift those suffering from these inequalities through various programs around the world.

### **About Lady Arcaders**

Lady Arcaders™ is an all-women & femme gaming collective and community. We run Attract Mode! twice each week on Twitch, large in-person events once per year, as well as charity fundraising events online. We strive to uplift and encourage women in gaming spaces by providing a supportive environment in which to showcase their skills!

Lady Arcaders believes that women and femme gamers deserve a space in competitive gaming. As such, we aim to provide an entry point to Esports, speedrunning, and other forms of competitive gaming. Our community is home to challenge gamers, achievement hunters, completionists, fighting game enthusiasts, tournament organizers and competitors, and speed gamers. We strive to foster friendship, passion, and skill through gaming.

While our focus is always on putting women and femme gamers in the spotlight, we believe everyone is an important part of the conversation around uplifting them. We welcome men and others who do not identify as part of our community to participate in ways that highlight and encourage women and femmes, whether as one-time contributors or as volunteer staff.
